

## Come and Try Hockey

Essendon Ladies Hockey Club

Welcome to Field Hockey at Essendon Ladies Junior Girls.

We would like to invite young Girls aged 10 to 17 (age as at January 1) that are interested to learn this great team sport to come along to a Wednesday Night Training session.

Essendon Ladies supports the development of young Girls in Hockey, team spirit, friendships and healthy competition. Our goal is for each player to realise their potential. Most of all we have fun.

The Junior Club supports Girls aged 10 to 17 in Club Competition and provides a seamless pathway to the Senior Grades. Opportunities are provided to advance into Zone and State representative teams should that be a goal.

At Essendon Ladies we believe that providing female only Team Competition provides the best environment for young ladies growth and development in Hockey.

Doesn't matter if you've never played or haven't played for years - Come on down!
